ABOUT EGSPEC

E. G. S. Pillay Engineering College is one of the pioneering non-grant engineering colleges in the State. It was established by the G. S. Pillay Educational and Charitable Trust, Nagapattinam in 1995. The College is approved by A.I.C.T.E, New Delhi and accredited by NAAC with "A" Grade. The College has earned the reputation of being one of the most preferred colleges by the students and parents all these years and it is known for its excellent infrastructure and facilities for learning. A gate-way to success, the college has now set long-range planning to enlarge and enrich its programs and activities to empower the youth who aspire to become successful Engineers, Scientists and Managers.

ABOUT THE WORKSHOP

Additive Manufacturing is a technology that builds 3D objects by adding layer-upon-layer using variety of materials that include metallic, plastic, ceramic, composite materials. The objective of the workshop is to provide a forum for sharing ideas and disseminating information about the frontiers of Additive Manufacturing research, education and technology transfer. This workshop is specially designed to help the faculty members working in Engineering colleges, Scientists, Research scholars, Industrialist and Students to learn additives role in manufacturing. This workshop also provides opportunities for university industry collaboration and technology transfer.

ABOUT THE DEPARTMENT

The centre for research and development (CRD) has been established to promote advanced research in engineering and technology. The centre provides support and encourages students

and faculties to promote their ideas into reality. The centre also arranges technical talks, symposia, etc. in thrust areas of research.

The department of Mechanical Engineering was established in 1995. The department offers under graduate B.E (Mechanical Engg.) and a Post Graduate M.E (Manufacturing Engg.) programmes. The department has highly qualified and experienced faculties. It has good infrastructure facilities with fully equipped laboratories with adequate hardwares and softwares. The teaching faculties are active in conducting research and publishing papers in reputed Journals and Conferences. The department has conducted nine International Conferences and two AICTE sponsored Faculty Development Programs. The department is one of the approved research centres of Anna University, Chennai.
