

Best practice	I
Title of the Practice	Conduction of value based eemployability skill development programmes
<p>The Context: Employability skill development programme is widely considered instrumental in equipping new graduates with the required employability skills. The only technical subject knowledge and associated experimental studies cannot produce the good human being and responsible citizen. It is prime responsibility of any educational institute to inculcate the values and ethics in the students for their overall development and associated contribution towards society and country.</p> <p>Goals:</p> <ol style="list-style-type: none"> <li>1. To make the students good human being.</li> <li>2. To groom students for responsible citizen.</li> <li>3. To develop professional ethics in the students.</li> <li>4. To groom the students personality.</li> </ol> <p>The Practice:</p> <ol style="list-style-type: none"> <li>1. Sending faculty members to various human values workshop/ refresher courses.</li> <li>2. Organizing various personality development programs for students.</li> <li>3. Organizing social awareness programs.</li> <li>4. Implementing anti ragging rules.</li> <li>5. Organizing gender sensitization based program.</li> <li>6. Conducting of various cultural events.</li> </ol> <p>Evidence of Success:</p> <p>On monitoring the overall scenario of the college:</p> <ol style="list-style-type: none"> <li>1. It is found that our students are more disciplined and cultured.</li> <li>2. There is no ragging case in our college premises.</li> <li>3. Students are capable enough to organize various cultural events on their own without any indiscipline case.</li> <li>4. The students are voluntary participating in various NSS activities.</li> </ol> <p>Problems Encountered and Resources Required: The time management is a major concern as lot of academic and non-academic activities are going in parallel. Crowd management in events is also a challenge, however with mutual coordination of students, faculty and administrative staff, things are being managed.</p>	
Best practice	II
Title of the Practice	Young Entrepreneurs
<p>The Context: This practice aims at training the UC/PG students in the essentials of conceiving, planning, initiating and launching an economic activity or an enterprise successfully.</p> <p>Goal:</p> <ol style="list-style-type: none"> <li>1. To support and develop high-end entrepreneurship as well as self-employment by utilizing S&amp;T infrastructure and by using S&amp;T methods.</li> <li>2. To facilitate and conduct various informational services relating to promotion of entrepreneurship.</li> <li>3. To network agencies of the support system, academic institutions and Research &amp; Development (R&amp;D) organisations to foster entrepreneurship and self-employing using S&amp;T with special focus on backward areas as well.</li> <li>4. To act as a policy advisory body with regard to entrepreneurship.</li> </ol> <p>The Practice: “Young Entrepreneurs” programme content includes class room training on</p>	

essentials of entrepreneurship survey of the prevalent socio - economic scenario, identification of business opportunities, role and function as well as schemes of assistance offered by various constituents of the support system, preparation of a technically feasible and economically viable project report, Achievement Motivation Training and also the nuances of management of an enterprise. Sessions on technology and finance are also arranged, depending upon the nature of project selected. Special programmes are being conducted with more emphasis on linkages with R&D institutions to take up projects based on indigenous technologies and services, in the area of high technology, such as leather, plastics, bio-medical equipment, high speed data communication and other emerging areas of technology.

Evidence of Success:

On monitoring the overall scenario of the college:

1. It is found that our students are attracted towards entrepreneurship programmes.
2. Students are capable enough to learn, initiate and run small organizations.
3. The students are voluntarily participating in various entrepreneurship programmes

Problems Encountered and Resources Required: The time management is a major concern as lot of academic and non-academic activities are going in parallel. Crowd management in events is also a challenge, however with mutual coordination of students, faculty and administrative staff, things are being managed.
